

# PRESTIGIOUS AWARD

## Gold Medal: Alan Ross

It is hard to imagine SANA in Mpumalanga without thinking of one of our most loyal supporters in that region. For many years he was at the point where many a retailer and buyer on tour in the region would get advice. In his own words "back in the day they all stayed over here" referring to his home which was always open to what have now become SANA friends.

He is an active supporter of the Growers and continues in his role as the SANA representative on Citrus related issues. The Gold Award recognizes his support to SANA as well as his contribution in building relationships and networking opportunities between SANA Members which has ultimately benefited the green industry.
